

If KLOVE radio is replaced by LPFM the impact on our area would be adverse. KLOVE radio provides a positive atmosphere in our community and nation, a place of hope at all hours. The public needs a place on the dial to tune for upbeat and encouraging words.

This community has this in K-LOVE radio and if it is displaced by LPFM this lighthouse, K-LOVE, on the radio waves would no longer be available for those that seek the good words that are offered

K-LOVE. KLOVE provides a morally correct, place to seek help in time of need. It offers help to any that will call or listen. To not have this resource available to our community would be a tragedy.
